

ENVIRONMENTAL POLICY

Rhone Ma Malaysia Sdn Bhd is committed as far as practicable, to ensure conservation of our environment by conducting our business in a manner that is compliant with environmental needs. We are focusing on efficient use of resources.

These will be achieved through:

- Comply with all relevant environmental legislations and regulations
- Enhance the environmental awareness and knowledge through training and programmes.
- Minimize the release of waste materials, emissions and effluents into the environment as well as to minimize the impact on the environment
- Reuse, Reduce and Recycle.
- Conserve energy and water usage.
- Conduct environmental audits and reviews.
